VCS Partners with JazzHR to Offer Best-In-Class
Recruiting and Applicant Tracking Capabilities

Freehold, NJ (April 6, 2021) — Visual Computer Solutions, Inc. (VCS), a leading workforce management software provider, today announced a partnership with JazzHR that will provide customers the ability to optimize their recruiting process with applicant tracking.

JazzHR is a powerful, user-friendly, and affordable hiring platform that allows small and midsize businesses to find and hire great talent. Through this partnership, VCS will be able to offer current and future customers best-of-breed recruiting tools and provide a more robust platform of HR services.

"VCS sees its future as a major player in the HR field. In order to remain competitive within this space, we are always looking for new ways to market our business and expand our service offerings and customer base," said Guy DiMemmo, CEO & Founder of VCS. "A strategic partnership with JazzHR will allow us to provide additional HR value to existing customers and is step one of many in our near-future expansion plans."

Through this partnership, VCS customers can purchase JazzHR from their current account representative or request more information from JazzHR. Customers who choose to add JazzHR to their solution will be supported by both organizations' top-ranking customer service teams. JazzHR will be customers' go-to recruiting software, while VCS will remain the system of record for all other workforce management information.

"JazzHR's powerful suite of best-in-class hiring tools allows teams to save time and maximize efficiency throughout the hiring process." said Amanda Friedl, V.P. of Strategic Alliances at JazzHR. "By partnering, JazzHR and VCS will be able to help more businesses to fully streamline their HR operations throughout the employee lifecycle."
