

ADD-ON MODULE: SHIFT & VACATION BIDDING

THE SHIFT & VACATION BIDDING MODULE COMBINES DATA AND ARTIFICIAL INTELLIGENCE TO AUTOMATE THE BIDDING PROCESS BY:

Allowing employees to bid on shifts in real-time for which they qualify

Enabling managers to instantly award shifts while maintaining minimum staffing levels

Using email and text notifications to alert employees about open opportunities

Allowing managers to easily create and post open shifts by skill set, location, seniority status, or any complex bid rotation or pattern

Making PTO, vacation requests, blackout days, quotas and overtime requests easily manageable

Our all-in-one platform has add-on modules tailored to your specific needs so that you can customize the perfect time and labor management solution for your organization.
